- Time Management

## SUMMARY

Enthusiastic frontend developer with a strong foundation in React.js, Tailwind CSS, and modern web technologies. Skilled in building responsive, interactive, and high-performance web applications. Experienced in integrating Firebase and REST APIs to create seamless user experiences. Adept at problem-solving, debugging, and optimizing code for efficiency. Passionate about writing clean, maintainable code and continuously learning new technologies to stay ahead in the ever-evolving web development landscape. Seeking opportunities to contribute my skills and grow as a frontend developer in a dynamic team environment.

## EDUCATION

**Bachelor of Business Administration:** Finance and Banking.  
(2024-Current)

**Eden Mohila College** - Dhaka, Bangladesh

\*\*\* Pursuing a BBA with a focus on developing strong analytical, problem-solving, and management skills, along with a solid understanding of business operations and strategy. Enhancing my ability to collaborate in team environments and apply critical thinking to real-world business challenges.

**Diploma:** Front-End Developer. (2024-Current)

**Creative it Institution** - Dhaka, Bangladesh

\*\*\* Aspiring frontend developer with a strong foundation in modern web technologies, including React.js, Tailwind CSS, and Firebase. Successfully completed a specialized frontend development course, equipping me with hands-on experience in building responsive and interactive web applications. As I mentioned before, currently pursuing a BBA, which enhances my problem-solving, teamwork, and business acumen—allowing me to bridge the gap between technology and user experience. Passionate about creating visually appealing and user-friendly web solutions. Open to opportunities where I can contribute my technical skills and continue growing in a dynamic environment.
